MEET NAJEE

Najee is a Paterno Fellow majoring in History and International Politics.

He spent a summer working for the U.S. Department of the Treasury where he translated skills from his national security concentration within his major to his internship.

Even before this experience, Najee was dedicated to serving the American public after graduating, and his internship only solidified this commitment to eventually work for the federal government.

Najee is the vice president of the University Park Undergraduate Association and also participates in the Liberal Arts Alumni Mentor Program. He said the program has changed his life for the better. Through weekly Zoom calls, résumé reviews, and general conversation, Najee’s mentor has made him feel confident about his future.
